RE: Summer internal works at school

Dear Parents of children in reception, Y4 and Y5

We anticipate that the first part of the next phase of the expansion build will begin shortly after we break up. I am writing to you to give you information about provision for your child from September until the summer.

As well as building the external 8 classroom 2 storey block workmen will convert the existing Y5&6 classrooms into a new small hall. This part of the work will take place over the summer holiday and will be completed by the time the children return in the Autumn.

We were not anticipating this phase of the work to be completed first and so I have had to look at how best to provide for the children given the change in room size and layout.

For the majority of next year (Sept until the new building is open) Y1 will be based in the new small hall currently the Y5&6 classrooms. As Bumblebees and Dolphins your children are used to free flow and working together and this will continue next year as they will be based altogether. For most of the time there will be 5 adults with them: Miss Patel, Mr Lawlor, Miss Green, Mrs Bentley and Mrs Quainoo so classwork and group work will continue.

Y5&6 will move to the current Y1 classrooms for the majority of the next academic year. Y5 will be in the current 1P whilst Y6 will be in the current 1D. Once the new build is finished (scheduled for June 2017) these 2 classes will move into the new block.

Should you have any questions about these arrangements please pop in to see me.

Yours sincerely

F Marsh
