

Y1-6 MATHS DAY & MATHS THEME MUFTI

On **Monday 10th October**, Years 1 to 6 will be having a Maths Day! The aim is to raise the profile of maths by having a day of fun activities, challenges and games. The children will also be visited by Quantum Theatre Company who will be performing a show, 'The 'Miscalculation of Cap'n Halfinch'. There will be no charge to the children for this.

To enhance the day further, we will also have a "Maths Theme Mufti Day". Some ideas for the children:

Hats/hairbands with numbers - Decorate t-shirt/pillowcase with sums - attach cards to clothes - wear strings of beads - become a 'Maths Professor' cardboard cut-out of calculator - dice (stick on dots) - come as a fraction - pizza slice/cake - be a game of noughts & crosses - odds & evens - wear odd socks, gloves, shoes, wear football or sports kit with a number on it
